Hello Oussama,

Il faut vraiment qu'on se fasse toutes ces étapes administratives ? J'ai l'impression d'ouvrir un compte en banque.

Objet : About Space X Transaction

Hello everyone,

I am very pleased to tell you that we are able to proceed with the Space X transaction. After a lot of struggle to secure an allocation, we found an allocation that will be done by a reputable broker. We just need to process the payment on an escrow account during the time of the ROFR (time necessary to the company to approve our transaction).

We will publish in Zenvest next week the escrow document and we need to collect your wire ASAP.

So don't hesitate to make your wire ASAP.

If you need any information, please ping me by replying to this email.

Best Regards,
Oussama
